Follow-up...

Would you suggest Advanced Wood Manufacturing careers and education options to your students? Why or why not?

Would you recommend us to other classes, teachers and schools? Why or why not?

Would you like to have us present again next year?

We'd be very interested in feedback from your students as well. In the past teachers have done follow-up projects to see what students have retained from the presentation, and to get their impressions on the information we presented. Let us know if you would like help designing an activity!

Additional comments or a testimonial are most welcome:

Thank you for having us as a guest in your school!
